## 6 Months of GPP Programming

Here's 6 months of GPP programming that I used at my gym.

Steal it, modify it, gain ideas, etc.

So here's a little background. I was an affiliate owner for 12 years. Opened the first licensed CrossFit gym in Alabama. Sold it in December 2019. Still going strong with the new owners.

I also started another CF gym with a partner and cashed out during that time as well. That gym is still going strong too.

I've got experience in the gym business. Even before I started my first gym, I was a globo-gym manager with two different companies.

And let me just say... CF gyms are modeling globo-gyms and small box boutique gyms in many aspects. Mostly from necessity and changing times (and I'm not talking because of Covid-19 either).

Build your Culture.

Build your Team.

Build your Systems.

A breakdown in the growth of your business can be traced back to one of these three.

But listen, I just wanted to give you this free gift of 6 Months of GPP programming that you can do whatever you want with.

I'm going to start open resourcing a bunch of my stuff used to run and market my gyms.

I'd love for you to stay connected.

Here's how:

Download my ebook at [GymBoost.io](https://GymBoost.io)

Follow on [Instagram @GymBoost.io](https://Instagram/@GymBoost.io)

Here's my angle... I'm going to freely add value. Marketing, systems, operations, mindset, and more.

Going deeper, if you want to become part of my growing nutrition team and add value to your members and clients, awesome. If not,

cool. I'm just going to keep on putting out valuable resources and tools for you. Cool?

Make a difference!
